SO U WANT TO SAY HELLO TO MY DOG?

I haven't taught her to shake hands yet.

HOWEVER, SHE KNOWS HOW TO SNIFF BUTT!

WHY DO DOGS SNIFF BUTT?

Dogs gather information about each other through scent. It's how they learn who you are, how you're feeling, and more!

It's normal, natural, and not rude in the dog world!

TIPS FOR HUMANS

ALWAYS ASK BEFORE YOU SAY HELLO.
Not every dog (or human) wants to meet.

LET DOGS SAY HELLO THEIR WAY.
Allow them to approach & sniff at their own pace.

DON'T PET RIGHT AWAY.
Sniffing comes first. Petting is an invitation, not a right!

KEEP IT CALM & POSITIVE.
A relaxed vibe makes for a happy hello!

RESPECT THEIR SPACE.
If a dog walks away, let them. Not every hello turns into a friendship.
