

# Hallam Main Drain Reserve

Centre road, Narre warren

Hallam main drain is an open area with lots of ponds, bridges, grass areas and walkways. There is a childrens playground that can be used for off-leash training, when no one is around. At times the grass can be long so be prepared and wear appropriate clothing. Also aeroguard is suggested. This is a great place for your dog to explore, sniff, swim, run, and train.

- Park on side of the road
- Meet near the meet arrow
- Please have a harness and collar on
- Dog must be leashed
- Message when you have arrived
- Be aware of off-leash dogs and snakes
- Other possible distractions: children, birds, ponds, bike riders, skateboards on map
